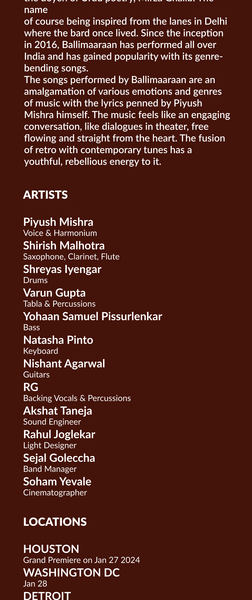
Ballimaaraan - The Piyush Mishra Project

Piyush Mishra is an actor, writer, lyricist, singer & music director. A NSD alumni known for his stellar performances in films like Maqbool, Gulaal, Gangs of Wasseypur, Pink and many more.
He has written popular songs like Aarambh Hai Prachand, Ik Bagal Mein, Arre Ruk Ja Re Bande, Aaja Nachle.

Piyush Mishra's riveting voice has produced songs like Husna and Ghar, which he has performed on MTV Coke studio.



Ballimaaraan the band is a musical homage to the doyen of Urdu poetry, Mirza Ghalib. The name
of course being inspired from the lanes in Delhi where the bard once lived. Since the inception in 2016, Ballimaaraan has performed all over India and has gained popularity with its genre-bending songs.
The songs performed by Ballimaaraan are an amalgamation of various emotions and genres of music with the lyrics penned by Piyush Mishra himself. The music feels like an engaging conversation, like dialogues in theater, free flowing and straight from the heart. The fusion of retro with contemporary tunes has a youthful, rebellious energy to it.
